The President's \_\_\_\_\_ Line

**YOU HAVE CANCER!** Those are three of the most devastating words anyone can hear. Life changing words....words that test the very essence of someone's life.

On August 12th, myself and two other members of STFF, joined with eleven other fly fishing volunteers to meet with a group of fourteen women who were dealing with breast cancer. These women were participating in "Casting for Recovery" a program that combines counseling, education, medical information, and the basics of an enjoyable new sport: fly fishing, to address quality of life issues.

I wish every member of our club, could have been with us on the Upper Sacramento River as we each played the role of "a river helper" by taking one of the participants for their very first fly fishing experience. All of these women reside in Northern California....all have or have had breast cancer....some were still undergoing treatment...and every one of them were totally enthusiastic about learning to fly fish.

How does fly fishing fit into helping women with breast cancer? The best answer to that question comes from one of the previous retreat participants: *"Fly fishing is a metaphor for how we live our lives after breast cancer: stay focused and aware of what surrounds us, move slowly and with grace, and be fully present in what we are doing".*

As fly fishers and members of STFF, each of us have a great opportunity to support a program that combines the sport we love...with the benefits of a terrific program to help women who are dealing with breast cancer. And the good news is that this opportunity is totally painless...and it's guaranteed to be enjoyable!

How's that possible? Through the support of the Fly Shop and the efforts of a small working group within our club, we have arranged for a premier showing of "The 2012 Fly Fishing Film Festival" at Redding's famous Cascade Theatre on November 3<sup>rd</sup>. This festival is two hours of award winning fly fishing footage from around the world. This film is so good, that in every location where it has been shown, it has sold out!

Now this award winning film is coming to Redding on November 3<sup>rd</sup>....tickets are \$15... and the proceeds will benefit the "Casting for Recovery Program. So, all you have to do to show your support for this great program is to buy a ticket (or better yet, tickets) and watch two hours of fly fishing footage. There's even a bonus if you attend the showing: during the intermission, there will be a raffle for some great prizes like fishing trips, a kayak, and much, much more.

To make it really easy for you to purchase tickets, we will have a "ticket table" at the September and October STFF meetings...and you can use your debit or credit cards! In addition, tickets are being sold at the Fly Shop and at the Cascade Theatre box office.

**YOU CAN HELP!** Those are three words that also can be life changing.... and apply to each and every STFF member who is reading this letter. You have the opportunity to support this program in the easiest way possible...by attending the showing of the Fly Fishing Film Festival on November 3<sup>rd</sup>. Please mark your calendars now...and help STFF to provide financial support to "Casting for Recovery...guiding survivors one women at a time".

The art and passion that enshrouds steelhead fly fishing afflicts countless devotees, forming an addiction that borders on religiosity. ## *Mayflies Corner*

Mayflies, it seems so long since we have been together! A lot has occurred since the annual picnic in June, so let's plan to get together soon and catch up.

Because of the special STFF Meeting "Steelhead Fly Tying" demonstration by John Shewey starting at 5 PM on Wednesday, September 12 at the Park Marina Events Center, we are cancelling our monthly meeting at the STFF classroom. Mark your calendars for this special fly tying opportunity. We will resume our Wednesday pre-STFF meeting in October.

## **Fishout - Baum Lake Tuesday, September 4, 2012**

Fishmaster: Tom Taylor, Phone: 530-549-3529, Email: tmtaylor21@aol.com

Meeting Time and Place: We'll meet at 7 AM at the My-T-Fine Market at the corner of HWY 299 and Deschutes Road to caravan / carpool up to the lake. We'll leave the market by 7:05 AM, so that we can get a fairly early start on the water. It's about 50 miles up HWY 299 from Bella Vista to the lake, and takes a little over an hour. We'll have coffee and doughnuts when we get to the parking lot at Baum Lake, so we're energized for landing monster trout!!

Targeted Species: Trout

Wading, Floating or Both: You can cover the most water by floating on this lake, but good fishing can also be had from the shore – especially along the western side of the lake.

Watercraft: Float tubes, pontoon boats, or prams are excellent. Only electric motors are allowed on Baum

Lunch: Bring your own lunch and drinks you want for the day.

Equipment/Tackle: In hot weather this lake fishes best in the early morning and in the evening, so we'll give the morning a good shot; and then if you've got energy left over, you can stay and fish more when the sun is off the water. The best bet during the day should be sub-surface flies.

Flies: The Fly Shop recommends the following, as of 8/6/12: "Stripping leeches and buggers, or suspending small to very small nymphs under indicators. Hatches consist of Damsel flies and early AM midges. Stripping and retrieving Damsel Leeches or Swimming Leeches on intermediate sinking lines is a great tactic (use slow strips), as is suspending #22 black Zebra Midges or Mercer's Gidget under a small indicator. Try a black A.P. on a slow retrieve. Also, try scud patterns."

Leader's Note: If you haven't already signed up for this outing, or if you have questions, call outing leader, Tom Taylor at 530-549-3529 or Email: tmtaylor21@aol.com

**A free program provided to wounded, injured and disabled veterans by:**

### **Project Healing Waters Fly Fishing-Shasta County**

The Project's program provides basic fly fishing, fly casting, fly tying and rod building classes, along with clinics for wounded and injured personnel ranging from beginners to those with prior fly fishing and tying experience who are adapting their skills to their new abilities.

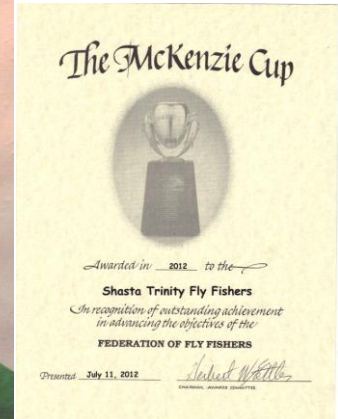

All fly fishing and tying equipment is provided to the participants at no cost. Fishing trips, both one day and multi-day are also provided at no cost to the participants.

Project Healing Waters is unique in that our volunteers are teaching classes on an on-going, long term basis. It is much more than a one day fishing trip. For many participants, particularly disabled veterans, the socialization and camaraderie of the classes are just as important as the fishing outings, and provide them a new activity.

## Owyhee River Fishout -- Dates to be determined

Due to family circumstances affecting Steve Coopers scheduled trips, STFF has chosen to reformat the second Owyhee trip as a Club Fishout. Cost of the trip will be dependent on how many will be attending. We will have a general meeting of all participants before the scheduled event to plan food, transportation, and sleeping arrangements. To signup, call or email:
