February 2013

The President's _____ Line

1.) Notice to all STFF Members: Change of General Meeting Start Time

The starting time of our monthly meeting will be changing beginning with the meeting on February 13th!

Due to a change in regulations at the Redding library, all meetings must be completed no later than 8:00 PM. Therefore, beginning with our meeting on February 13th, all STFF's monthly meeting will be scheduled, as follows:

- Social gathering [coffee & cookies].....5:30 PM
- Start of Business meeting.....6:00 PM
- Completion of meeting.....8:00 PM

2.) Reminder: STFF 2013 membership renewal

Have you renewed your STFF membership for 2013? If not, a renewal form is included in this newsletter. Please completed the form and mail it to STFF with your check or deliver it to the reception desk at the banquet or drop it off at the STFF meeting on February 13th.

We want to close the renewal process by the end of February so we can produce an updated membership roster to all our members.

3.) Mark your calendars for another outstanding event

Northern California Fly Tying Expo

April 6 & 7, 2013 at Turtle Bay Museum, Redding, CA
Featuring Special Fly Tying Demonstrations and Programs

-- Dick Recchia, President

February Membership Meeting

Wednesday, February 13, 2013, 5:30 PM at Redding Library

Guest Speaker: Randy Daughy

Topic: The Steel Puzzle Strike Indicator- Fishing on the Trinity River

Randy has been doing seminars on Strike Indicator Fishing for Steelhead on the Trinity known as "The Steel Puzzle". For the fly clubs around Northern California, Randy hosts "on the river" classes for the Northern California Fly Fishing Federation, otherwise known as the NCCFF, in the past for three consecutive years.

Having taught countless guides, Randy's extensive knowledge is very helpful for even the most seasoned angler to learn great techniques on fishing under the Strike Indicator and set up.

Randy's presentation will show step by step know-how of rod set up, long distance hookups and even to details, such as, reading the water and fly selection. Randy also covers information about the Trinity River Restoration Program.

Mayflies Corner

The Mayflies will **NOT** be meeting an hour prior to the February STFF meeting since the STFF meeting is now scheduled to start at 5:30 PM. We are attempting to figure out a meeting time and location, and will send word out via the Mayflies mailing list as soon as something is decided. We still have a lot of Mayflies who would like to get together to meet, fish and plan other outings, so if you are not on the mailing list, get your STFF membership in and make sure you mark at the bottom of the form that you want to be a Mayfly (and it's not limited to just women). More information will be coming soon, we hope!

STFF Membership Renewal for 2013

The membership renewal requests have been sent in the mail to all STFF members. In that regard, the Board of Directors has determined that the annual dues for single and/or family memberships will remain at \$35 for the 2013 calendar year. This is a fantastic price for all the benefits offered through STFF. ***Lost your renewal form? See page 12!***

Please complete your renewal promptly and return it [with your check] to STFF in the envelope provided in the mailing. We would like to receive all the renewals as soon as possible so we can publish an updated roster of all the club members.

Thank You from Project Healing Waters!!

First, I want to say thanks for all the support and help that STFF has given us through the year. Without the support of STFF, we would not exist.

Our year started off kind of slow. We were supposed to get our rod kits the first week in January. As some of you know, they weren't shipped as planned, so, we had to change our schedule all around. Our first real class on rod building is the 23rd of January. I think everyone is excited about finally getting started.

February looks like it is going to be a busy month. Most of the month is devoted to rod building. We do have an outing planned for Eagle Canyon Trophy Trout the middle of the month. I am very excited about this trip as it will give the participants a chance to catch very large fish. Two of our classes will be in preparation for this event. We will be hosting the Biologist for Fish and Game (Wildlife). He will be giving a talk on fish handling and why fish are handled in a certain way.

Again, I want to say thanks, on behalf of all the participants of Project Healing Waters Fly Fishing, for all the support you have given us. -- **Steve Spry, Project Lead**

Winter Fly Tying Session

Saturday, February 9, 2013 9 AM to 3 PM

Our Featured Tyer is: Bill Lenheim

Bill has been a member of our club for years. He served as president, a member of the board and has been involved in most of our club activities; lately organizing the Spey Fest and Spey casting clinics on the river. He is a steelhead and salmon fishing enthusiast. He will be sharing his new steelhead and salmon flies, teaching us how to tie them. To have the knowledge of tying these flies will broaden your tying skills, learning new techniques on tying and give you a change to fish and catch some hard fighting fish in the rivers all around us. Email Jan Hale, if you wish to attend this session.

Bill is tying a Copper and Gray, Black and Gray, Kingfisher Blue and a Blue Spider.

Cost of the session will be determined by the amount of tyers present.

You will need to bring light brown, black and turquoise blue thread in size 6/0 or Ultra 140.

**To register, please email Jan Hale at lilybill1@yahoo.com
The class is limited to 30 Tyers.**

Classes are held at the STFF Classroom located at 1872 Buenaventura Blvd, Suite 3, Redding.
-- **Jan Hale**

STFF Members: Please remember to wear your name badge to all Club functions.

You have all seen this announcement in every Shasta Caster but you might not even have a name badge or have lost your original one. Maybe you are a new member or not able to attend the monthly club meetings, where we have the badges ready for pick-up.

If you do not have a name badge, please contact the Membership Chairman – Art Agnew – 722-0957 or artagnew@att.net

Notice of 2013 Fly Tying Expo

From: Shasta Trinity Fly Fishers
To: Northern California and Oregon Fly Tyers

The Shasta Trinity Fly Fishers in conjunction with the Northern California Council/Federation of Fly Fishers (NCCFFF) and Redding's Turtle Bay Museum are having a fly tying expo in Redding, California on April 6 and 7, 2013. We plan on featuring tyers from Northern California and Oregon.

There will be morning (10 AM to 12:30 PM) and afternoon (1:00 PM to 3:30 PM) tying sessions on Saturday and Sunday.

You are invited to participate as a demonstration fly tyer at this event. If you accept this invitation, complete the attached registration form found on page 6 in the newsletter and return to R. L. "Stew" Stewart by email, fax or snail mail.

We will have a Saturday (April 6) evening reception from 5 PM to 8 PM. The location has not been determined yet. The reception will be hosted by the Shasta Trinity Fly Fishers.

Stay tuned for more information on the STFF website, www.shastatrinityflyfishers.org, the Turtle Bay Exploration Park website, www.turtlebay.org, and NCCFFF website, www.nccfff.org. We are also working on hotel accommodations.

Any other questions or comments, e-mail Stew Stewart at rlstewart@frontiernet.net or call/fax him at 530-474-5748.

Timely Reminders for STFF's Members

- Purchase a 2013 Fly Fishing License (& steelhead card)
- **Mail your 2012 steelhead card to Fishing and Game**
- Mail your 2013 STFF membership renewal payment (*Need form? see page 12*)

SPEY CASTING ON THE RIVER

The **third Sunday** of each month, weather permitting, STFF Spey casters, and anyone interested in learning Spey Casting, meet at the **Posse Grounds** area near Turtle Bay at **9 AM**. Bring your rod or just show up and ask one of the casters to show you how it is done (Note due to water/weather changes I will email any changes of location before the assigned date. To be added/deleted from the lists send me an email at lenheimw@msn.com). From time to time we have a cooked lunch at the area after casting. Questions call me: 530-223-6090.

A free program provided to wounded, injured and disabled veterans by

Project Healing Waters Fly Fishing - Shasta County

The Project's program provides basic fly fishing, fly casting, fly tying and rod building classes, along with clinics for wounded and injured personnel ranging from beginners to those with prior fly fishing and tying experience who are adapting their skills to their new abilities.

All fly fishing and tying equipment is provided to the participants at no cost. Fishing trips, both one day and multi-day are also provided at no cost to the participants.

Project Healing Waters is unique in that our volunteers are teaching classes on an on-going, long term basis. It is much more than a one day fishing trip. For many participants, particularly disabled veterans, the socialization and camaraderie of the classes are just as important as the fishing outings, and provide them a new activity.

Rod Building Workshop Sessions

1872 Buena Ventura Blvd. Suite # 3

Attention fly rod builders: The following is the schedule of workshop sessions for all fly rod builders. The times shown indicates when either Creighton Smith and/or Dick Recchia will be available to provide any assistance you may require. However, you may adjust your attendance times by the progress you are making on your fly rod.

Fri	Feb-15	9:00 AM - 4:00 PM

BEGINNING FLY TYING CLASS - THURSDAY PM

The Beginning Fly Tying Class will start on Thursday, February 7, 2013 at 6:00 PM. This class is for people with no (or very little) fly tying experience. The class will cost \$40.00 per person. This includes all tying materials, manuals, loaner vises and tools for those members who do not have their own.

The class is three hours every Thursday night for six weeks. Each class is a progression of the class before, so if you are not going to be able to attend all the classes it will be difficult to follow the next class you attend. The class will be limited to 20 people!

If you are interested in the class please contact me at dalesfishing@sbcglobal.net or at home phone: 221-4988.

I am looking forward to another successful and enjoyable class. Please sign-up early as there will be no late entries due to difficulty in supplying manuals and material packages.

-- Dale Huffman

SEE YOUR PICTURE IN THE NEWSPAPER

The Outdoor Editor at the Record Searchlight is asking for photos of STFF members fishing taken any time after April, 2012, anywhere in the world. Please email me any photos you may have. They do not need to be people holding fish, although those are fine. Photos of Healing Waters people casting would be great. Your photos are great P.R. for our club. Thanks!

"Safe Boating is no Accident"

Fly fishers need water to pursue their passion and often they venture out on it to access a prime location. Whether you use a float tube, pontoon boat, drift boat, bass boat, personal water craft, runabout, jet boat, etc. you must be aware each of these vessels requires safety equipment to be compliant with State of California and Federal boating regulations.

Safe Boating begins with a properly equipped vessel and you can have your vessel checked by contacting **Art Agnew**, United States Power Squadrons (USPS) – Vessel Examiner, at **722.0957** or **artagnew@att.net**. The Vessel Safety Check is a U. S. Coast Guard safe boating program administered by the USPS, U. S. Coast Guard Aux., and some state agencies.
