## The President's \_\_\_\_\_ Line

### **Are you new to fly fishing? Having trouble grasping the concept of fly fishing?**

If that's your problem, you are a member of the right organization, because **STFF provides the programs and the opportunities for you to learn all aspects of fly fishing.**

With the opening of trout season and the onset of warmer weather, our club will continue a wide range of activities to support both the experienced and any neophyte fly fishers in STFF.

In that regard, whether you are new to the sport or an old timer, keep an eye on the announcements in the newsletter and our emails for the variety of activities that will be offered throughout the spring and summer months. These activities will include fishouts, rod building, net building, fly tying and special speakers at our monthly meetings.

### **So don't hang back! Get involved in STFF!!!!**

By the way, **I would be remiss if I didn't thank Bill Lenheim for presenting an outstanding Spey casting seminar in April.** The three classroom sessions plus an "on the water" session that comprised the seminar provided all the participants with everything they wanted to know about casting and fishing with Spey and/or switch rods.

Based upon the success of this event, I hope we can convince Bill for repeat performance this fall!

## Spey Academy Report Out

We had a full class for the 3-session Spey Academy and covered a lot of material. (The club printed a great book on Spey data and a few are still available @ \$25 per copy to cover the cost of printing).

On Saturday, after a short morning class at the club house, we went to the river for a great lunch by chef Richard Recchia. After lunch Mike Caranci give demo's and hands-on instruction with the help of Ross Morrison, Jim Murphy and Bary Caranci.

Comments that I have received have all been positive and answered most of the questions on lines, leaders and such that even our older casters had been unsure of. Over all it was a great success.

*REMEMBER TO PRACTICE AND PRACTICE SOME MORE.*

## May Membership Meeting

Wednesday, May 8, 2013 at 6:00 PM

Park Marina Events Center, 1800 Park Marina Drive

*Note: 6:00 PM Social Gathering; Business Meeting starts at 6:30 PM*

**Guest Speaker: Michael Dege, California Fish and Wildlife**  
***“California Heritage Trout Program and the  
Heritage Trout Challenge”***

The objectives of the "Heritage Trout Program" are to:

- Increase public awareness about the beauty, diversity, historical significance, and special values of California's native trout and their habitats;
- Build public support and increase public involvement in native trout restoration efforts;
- Promote collaborative efforts with organizations and individuals involved with native trout restoration and management; and
- Diversify opportunities to fish for, observe, and enjoy native trout in their historic habitats

### ***Take the challenge!***

By catching six different forms of California native trout from their historic drainages and photographing these fish you can receive a colorful, personalized certificate featuring the art of renowned fish illustrator Joseph Tomelleri. Your certificate will show six full-color images representing the trout you caught, along with their dates and locations. It is sized to fit in a standard 16 x 20 inch matted frame.

## Trinity Fishout, 4/1/2013

The Steelhead showed up and many who attended got at least one, most on Adams parachute flies. Some of the better fishermen got several and a few big ones to boot. We had about thirty members attend and since I can't begin to name them all, I will close off with Great Cub Outing!! Being it was so crowded I didn't fish and went home, my normal bad luck steelhead fishing, as I should have stayed and fished.

-- **Bill Lenheim, Fishmaster**

## 2013 Kid's Fishing Days -- Volunteers Needed

Kid's Fishing Days at Mount Shasta Hatchery are scheduled for June 8, July 6 and August 3, 2013. Help kids catch their first fish at this annual event. **There will be a volunteer sign-up sheet at the May meeting.** Volunteers report by 8:30 AM, and the fishing begins at 9:00 AM.

## 2013 Fish Camp Scholarship Winners Announced

The Fish Camp Scholarship Committee is pleased to announce that STFF and the Shasta Mayflies have awarded a total of six full scholarships to Fish Camp 2013, four of which were funded by STFF and two by the Shasta Mayflies. Three alternates were also selected.

The committee read many very well written essays from a record 22 applicants! The kids each had to state why they wanted to go to Fish Camp and why they are interested in fly fishing. All the winners were very excited and appreciative upon receiving that special phone call.

This year's winners are:

- Conner Caldwell, male, age 10 (in June), from Montague
- Nathan Fregoso, male, age 14, from Red Bluff
- Joe Koestner, male, age 12, from Shasta Lake
- Sophia Rank, female, age 13, from Palo Cedro
- Kaden Swart, male, age 14, from Red Bluff
- Geneva Varga, female, age 10, from Redding

### Christmas Island in 2014

Christmas Island in 2014 - want to go along? Allan Craig is organizing a trip and there will be room for 12 anglers at The Villages. The dates are April 29 - May 6, 2014.

This is an ideal location for a first time salt water experience, as the bonefish are numerous, and it's all wade fishing. If you'd like to know more, contact Allan at [allanangler@gmail.com](mailto:allanangler@gmail.com), or 247-7481.

**A free program provided to wounded, injured and disabled veterans by**

### **Project Healing Waters Fly Fishing - Shasta County**

The Project's program provides basic fly fishing, fly casting, fly tying and rod building classes, along with clinics for wounded and injured personnel ranging from beginners to those with prior fly fishing and tying experience who are adapting their skills to their new abilities.

All fly fishing and tying equipment is provided to the participants at no cost. Fishing trips, both one day and multi-day are also provided at no cost to the participants.

Project Healing Waters is unique in that our volunteers are teaching classes on an on-going, long term basis. It is much more than a one day fishing trip. For many participants, particularly disabled veterans, the socialization and camaraderie of the classes are just as important as the fishing outings, and provide them a new activity.

# On April 6<sup>th</sup> and 7<sup>th</sup>, STFF hosted the Northern California Fly Tying Expo at Turtle Bay Museum

This event featured some of the best fly tyers from California and Oregon. In spite of the nasty weather, Turtle Bay museum reported high paid attendance for the weekend event. The expo would not have been possible without the efforts of Alan Jones, the event Chairman, and his co-workers Dick & Sandy Johnson and Stew Stewart.

## Mayflies Fishout, 4/11/13

The April 11th Mayflies Outing on The Fly Fishing Only Waters of the Trinity River was a great day for all and no crowds either. We had eleven people, and for a couple of folks, it was their first fish caught in a river! Laura Russell was most improved and we made new friends with Janet and Jonathan Sloat, their first Mayflies trip. The young Steelhead were hungry and everyone caught dozens. After a break for lunch and fish tales, we broke up to fish other access areas. Sandy Johnson, Jerry and myself went down to fish Steel Bridge where the fishing was excellent, fish a bit larger and the only ones on the river in that area. -- Linda Slater

- \* **Time & Place:** Meet at 8:30 AM at the Jones Valley public boat launch. Launch your boat and meet at the bottom of launch ramp for Coffee & Doughnuts and a briefing where to fish.
- \* **Lunch:** Bring your own lunch and we will all meet at Arbuckle Flat Camp Ground at 12:30 for the lunch break and swap fish tales.
- \* **Equipment:** 5 to 8 weight rods, floating lines will work but sinking lines are preferred. Tapered Leaders 9 - 10 feet for floating lines and Level leaders (8 - 10lb test) 5 - 6 feet for sinking lines.
- \* **Flies:** Streamer patterns in sizes #2 - #1 (Clouser style flies, Deceivers, Bunny Leeches, Wooly Buggers, Crawdads, and any pattern representing threadfin shad). Best colors would be Chartreuse and White, Black, Olive, Orange, and Red. Note: Blue Huchies, rubber worms in assorted colors, or garden hackle using spinning gear will also work.
- \* **Other Equipment:** polarized sun glasses - a must, hat, sunscreen, water are recommended for safe and healthy day on the lake. *Do not forget to bring your PFD.*

**This is a boat necessary fish out.** Those with boats please advise if you have room for a member without a boat. Non-boat owners please advise if you need to pair up with another club member. Additional outing information will be available at the May STFF Membership Meeting.

**Double-Handed Casting Instruction (Spey Casting)**

Guy Manning will be presenting a four session Double-Handed Casting Clinic this Summer. Also known as Spey Casting, Double-Handed casting is an extremely effective way to cover a large amount of water and get the fly to the fish. The cost is \$50 for all four classes, payable in cash or check at the first class. The class will be limited to six students on a first come, first served basis.

**This class will cover the following:**

- A short history of Double-Handed Casting
- The differences between Spey, Skagit, and Scandi rods and lines
- Fishing methods used with each technology
- Double Handed Casting Terminology
- Discussion of river right and river left and the casts used in each situation
- Basic body and rod positions
- Motions of a simple DH cast
- Switch cast
- Snap-C cast
- Double Spey cast
- Single Spey cast
- Snake Roll cast

Classes will be held on Saturday mornings from 9:30 AM until 12:00 noon, on June 22, 29, July 13 and 20, 2013. The first two classes will be held on the lawn south of the convention center in the Turtle Bay complex, across from the Channel 7 Studios. The last class will be on the water at a location to be decided, probably the barge hole. Please show up about 10 minutes early for each session so you have time to set up your gear prior to the start of class.

**What to bring:** Rod, Reel, Line, leader, hat and protective glasses. No hooks are allowed. A yarn fly will be provided. You will need to make a grass leader for the second and third session. Instructions on making grass leaders will be given during the first class. For the last two classes you will want wading gear.

**Important: If you don't have glasses you will not be allowed to cast.**

**Contact Guy Manning for further information at (530) 222-2601.**
