November 2013

The President's _____ Line

It seems that with the onset of the Fall weather, the activities within our clubhouse rise to a fever pitch, and this year is no different than the past!

First, [the Fly Fishing Film Tour was a big success raising funds for the women's breast cancer recovery program](#) "Casting for Recovery". *Our program could not have taken place without the hard work of Marsha Caranci and all the members of her committee, who planned and executed a flawless event.*

With the film tour behind us, STFF's members have a long list of projects and activities that will take place during the next few months, namely:

- Intermediate Fly Tying sessions start on November 7th.
- Wes Wada's Special Fly Tying class is November 9th.
- STFF's November 13th meeting will feature a special presentation on fly fishing the wilds of Russia.
- Jan Hale is organizing a series of Winter Fly Tying sessions.
- There will be 8 different sessions on "How to Fish Local Waters".
- We are accepting nominations for the selection of STFF's "Fly Fisher of the Year"
- The past recipients of Fly Tyer of the Year awards will be selecting the candidates for the 2013 award.
- Our December 11th meeting will feature a full holiday buffet dinner.
- STFF's Annual Photo Contest will be held at the December meeting.
- The Officers and Directors for 2014 will be elected in December.
- Funding rising for our Clubhouse project will be underway this winter.

And on top of all of the above, we expect to have a good steelhead run in the Trinity River!

Upper Sac Fishout Report -- Oct 19th

First, it was a fabulous Fall Day! Eight gals caravanned up to Ted Fay's Fly Shop in Dunsmuir. The fishing was a bit slow, *we were told and the water is low.* And it was! But, we fished the local parks and then after lunch, some of us went on the Art Walk in Dunsmuir, while the rest of us headed off to Cantara Loop and McCloud. The fishing didn't pick up till 5:00 PM, but my group was tenacious, and those that stayed brought in trout: Jan for most fish, Sandy for biggest! Yippee! Then it was dinner at the Dunsmuir Brewery with live music before calling it a day. Thanks for all of you who made this a fun Fall Outing. (*Photos page 5*) -- Linda Slater, Fishmistress

Special thanks go to Linda Slater for organizing this Fishout.

A free program provided to wounded, injured and disabled veterans by

Project Healing Waters Fly Fishing - Shasta County

The Project's program provides basic fly fishing, fly casting, fly tying and rod building classes, along with clinics for wounded and injured personnel ranging from beginners to those with prior fly fishing and tying experience who are adapting their skills to their new abilities.

All fly fishing and tying equipment is provided to the participants at no cost. Fishing trips, both one day and multi-day are also provided at no cost to the participants.

Project Healing Waters is unique in that our volunteers are teaching classes on an on-going, long term basis. It is much more than a one day fishing trip. For many participants, particularly disabled veterans, the socialization and camaraderie of the classes are just as important as the fishing outings, and provide them a new activity.

This is an Intermediate Fly Tying Class. If you have not tied before, I would suggest you first take the Beginning Fly Tying Class. The STFF will loan you the tools and vise along with the materials, for a minimal charge, to get you started.

We will be using the STFF Clubhouse classroom at 1872 Buenaventura Blvd. Suite 3, in Redding. The above schedule shows Thursday nights, with most being the first Thursday of the month. There is no cost for taking this class.

I'm at the classroom usually by 5:30 PM. You can come early and set up if you like. The class will begin promptly at 6:30 PM.

Prior to the class, I will send an email to everyone who's signed up, explaining the fly we will be tying, etc. Please email me with your reservation at least one week prior to each class so I can make sure we have all the supplies needed. Prior to class, please review the fly pattern we will be tying. Don't forget to bring the needed tools, vise, and thread for that fly (99% of the tying supplies are provided by the club).

This fun, informal, interactive class includes fly tying videos, demonstrations, and occasional guest tyers. Hope to see there!

How To Fish Our Local Waters

Frustrated with your fly fishing results?? We may have some answers!

Over the past year we have enjoyed the addition of many new members to STFF. While some of those members are experienced fly fishers, many have not had the opportunity to learn the techniques required to catch fish in our local waters.

In that regard, we have organized a series of classes entitled "How to Fish Local Waters". These classes will be approximately two hours in duration and will be held at the STFF Classroom.

This series will start on two Saturdays mornings in November with Bill Lenheim and Benson Kanemoto, who will discuss "How to Fish Local Waters" in the Trinity and Lake Lewiston, respectively. The classes will start at 9:30 AM at no charge.

In January and February, this series will continue on Tuesday evenings with classes held by Craig Nielson, owner of Shasta Trout Guiding Services. The classes will at the STFF Clubhouse starting at 6:30PM. The fee for each Craig Nielson class is \$5 per person.

Note: Please bring note paper and a pen or pencil to each class. Also a camera for taking photos of maps and fly patterns could be useful. No sign-up is required, just show up!
